

## CAMTEC DECLARATION ON REACH, ROHS

(Registration, Evaluation, Authorisation of Chemicals)

### 1.

Manufacturers of substances, importers of substances as such or of substances in preparations in the European Community (EC) and the European Economic Area (EEA) must register substances from the SVHC candidate list with the European Chemicals Agency from June 1, 2008, provided that they are in quantities of at least 1 t / a are manufactured or imported and they are not substances that are exempt from registration.

### 2.

Suppliers of substances and preparations must provide either a safety data sheet (Article 31) or a safety information (Article 32) to the customer. In certain cases, the safety data sheet is supplemented by a system with relevant exposure scenarios ("extended safety data sheet").

### 3.

Manufacturers and importers of articles that contain a substance from the so-called "candidate list" of more than 0.1% by mass per article must provide professional customers and consumers with sufficient information, at least however, to request that the product be used safely Provide the name of the substance. If the substance is also contained in more than 1 t / a in all these products, a notification must be made to the European Chemicals Agency (EChA).

### 4.

Users of chemicals (substances and preparations), so-called "downstream users", have to fulfill additional obligations from June 1, 2008, but only after receiving an extended safety data sheet. Downstream users can provide the manufacturers of substances and the importers of substances and preparations with useful information for registration.

## REACH Declaration

You only purchase non-chemical products from us. No substance should be released from the products you purchase under normal, foreseeable conditions of use according to the product specification.

The list of candidates is continuously supplemented by the responsible body, the ECHA (European Chemicals Agency) with substances of concern. The current status of the SVHC candidate list with the incoming supplier information is checked. If SVHC substances are in our products, the customer will be informed about the conspicuous substance.

## ROHS Declaration

CAMTEC hereby declares that all CAMTEC products offered and sold in accordance with Directive 2011/65 / EU (RoHS), as well as the expanded RoHS II and RoHS III (2015/863 / EU - amendment to Annex II of Directive 2011 / 65 / EU), about which "Restriction of the use of certain dangerous substances in electrical and electronic equipment" was and is being produced.

This RoHS directive regulates the restriction of the use of hazardous substances. Products may only be put into circulation if the content of the following elements and compounds does not exceed the current limit value:

Lead, Mercury, Cadmium, Hexavalent chromium (Cr VI), Brominated flame retardants (PBB, PBDE), Bis(2-ethylhexyl)phthalate (DEHP), Butylbenzylphthalate (BBP), Dibutyl phthalate (DBP), Diisobutylphthalate (DIBP), Perfluoro butane sulfonic acid (PFBS), Diisohexyl phthalate, 2-methyl-1-(4-methylthiophenyl)-2-morpholinopropan-1-one, 2-benzyl-2-dimethylamino-4'-morpholinobutyrophenone

This declaration is made to the best of our knowledge and belief by CAMTEC. It is based in part on information provided to CAMTEC in advance by manufacturers and suppliers.
